

MinErAL - REXSAC Virtual Seminar

MinErAL and REXSAC are pleased to announce a three-day research seminar that will take place from

April 27 to April 29, 2021.

This virtual seminar seeks to compare extractive industries and their impacts on local communities and the environment in Canada and Fennoscandia. It will allow participants to share their work and build new connections with researchers and students from both regions.

You will find, below, the program of the event.

Steering committee:

Dag Avango, Luleå University of Technology
Arn Keeling, Memorial University of Newfoundland
Thierry Rodon, Université Laval
Gunhild [Ninis] Rosqvist, Stockholm University
Chris Southcott, Lakehead University
